

Prepare for Your *Walt Disney World* Vacation

Take action now to prepare for your upcoming *Walt Disney World*® vacation! Link your reservation and tickets to stay informed about important next steps and key planning dates, including the recently announced Theme Park reservation system and important Know Before You Go resources. Follow these simple steps to get started:

1 Register or Sign In to StartYourDisneyExperience.com

This will take you to the *My Disney Experience* website. Sign in using your Disney Account or create one. Then, create your **Family and Friends** list for your travel party. You'll need this to assign Tickets to them and to make Theme Park reservations a little later.

2 Link your reservation

Once you're signed in to *My Disney Experience*, enter your Resort Confirmation number provided by your Travel Professional.

Please note: You'll need to verify the names of everyone on this reservation. If you need to make any modifications, we recommend you contact your Travel Professional before you link your reservation.

3 Link your *Walt Disney World* Ticket or Pass

To prepare for making Theme Park reservations, each Guest in your travel party must have a valid ticket linked for each day they wish to visit the Disney Parks.

Please note: If you have a room and ticket package for a select *Walt Disney World* Resort hotel, your tickets will be included when you link your *Disney Resort* reservation and you can skip Step 3.

You're almost done! Once the Theme Park reservation system is available, return to *My Disney Experience* to make Theme Park reservations.

Remember, to enter a Disney Park, each Guest in your travel party must have both a valid ticket and a Theme Park Reservation for the same park on the same date, for each day they wish to visit the Disney Parks.
